

REMARKS

1. Applicant thanks the Examiner Office for pointing out deficiencies in the Response of August 31, 2007.
2. The Office notes that claim 40 appears to have been cancelled from the application, but that it still bears the status identifier "currently amended." Applicant amends the status identifier to "cancelled." Claim 41 is amended to change its dependency in view of the cancellation of claim 40. The remaining claims are left in the state of the August 31st Response.
3. Applicant incorporates herein its remarks from the August 31st response in their entirety by this reference thereto.
4. No new matter is added by way of the above amendments. The foregoing amendments are made in the interest of advancing prosecution of the Application. They do not signify agreement with the Examiner's position. Nor do they reflect intent to sacrifice claim scope. Applicant expressly reserves the right to pursue protection of a scope it reasonably believes it is entitled to in one or more continuing submissions to the USPTO.

CONCLUSION

In view of the foregoing, the Application is deemed to be in allowable condition. Therefore, Applicant respectfully requests reconsideration and prompt allowance of the claims. Should the Examiner have any questions regarding the Application, he is urged to contact Applicant's Attorney at 650-474-8400.

Respectfully submitted,

Michael A. Glenn
